**International University Week**

**April 19<sup>th</sup> - 24<sup>th</sup> 2015**

**Telemark University College – Department of Social Studies**

### ***DIVERSITY IN SOCIAL WORK.***

Social Entrepreneurship and innovation –will it affect social work in Europe?

The program will highlight experiences from different methods in social work. Since the European Commission has given Innovation and Entrepreneurship a special focus through the EaSI programme, it will be very interesting to share experiences from practice and research in Social Entrepreneurship and innovation.

We welcome 50 international students together with our hosting students, and about 10 teachers for lectures and workshops.

The fee will be 165 €. For students 5 nights in Hostel (Sunday – Friday), breakfast and lunch every day and two dinners are included.

Our International University Week will include lectures and workshops, field visits and culture and social activities.

The main goal for the IUW 2015 in Norway is to let students interact with students and give them an opportunity to share their experiences as students in social work. To achieve this we ask every University College to bring a case/an issue with challenges from daily life in social work. These cases/issues will be the basis for workshops with students and teachers from different countries, with the purpose of illuminating the cases from different perspectives and generate new solutions.

The deadline for suggestion lectures is 15.11.2014, whereas the deadline for students is 01.02.2015.

***Welcome to NORWAY***
